

Paper: CHE-HC-3024 (Organic chemistry-II)
Assignment - I :-

- a) Synthetic use of Alkyl halides, 5.
- b) Use of organometallic compounds in synthesis, 5
- c) Comparative study of alcohol and phenol, 5.

Assignment - 2 :-

- a) Nucleophilic addition in carbonyl compounds - Two specific examples, 5.
- b) Synthetic use of active methylene compounds, 5
- c) Carboxylic acids and its derivatives, 5

N.B Submit the assignment to the whatsapp Number - 9101102621. (P.K.Katla) on or before 07/08/2021.
In each assignment write the name and G.O. Roll Nos, with registration number.
